

# NotePal ErgoStand

NotePal ErgoStand - R9-NBS-4UAK

GOOD DESIGN PRODUCT

## Introduction

ErgoStand is the perfect multifunction product that gives your laptop the total cooling solution. ErgoStand can be used as a notebook stand and/or cooling pad. The adjustable anti-skid holders are compatible for 9"~17" laptops. The 140mm silent fan and full range mesh surface with aerodynamic designed intake provide silent and efficient cooling. Furthermore, ErgoStand includes great functions to ease your working environment such as the cable management handles, rear cable clips and 4 port USB hub.

## Product Feature

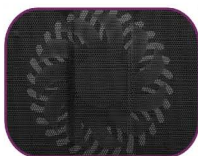

- **Ergonomic design**  
5 different height settings to ease strain on your neck and wrist.
- **Optimal cooling performance**  
Full range metal mesh surface, built-in 14cm silent fan with stepless speed control.
- **Great for all sizes**  
Adjustable anti-slip holders for 9"~17", easy front I/O port access.
- **Value-added features**  
4 USB ports, 2 rear cable clips, side handles for cable management.
