# Team USB Drive Color Series | C152

## Simple and exquisitely compact design

C152's minimalist design with a crystal black color shows us what smart living with a fashionable twist is all about. It is made out of one piece and its round look creates a close feeling to the users. With a compact size, as small and light weight as a coin, you can access and save your important data and treasurable memories anywhere, at any time!

## Comprehensive 360 degree ergonomic design

The combination of a comprehensive ergonomic design and a simple streamline design makes it easy and convenient for users to operate with just one hand. All your important data is at the grasp of your fingertips!

### Thoughtful design of a strap hole makes it easy to carry around

C152 is conveniently designed with a strap hole which is easy for users to carry around. The fashion strap can be turning into a fashion accessory and match with your desired personal items. By hanging it on your personal items, you can store precious memories at anytime.

### COB assembly process which offers an all-around protection in waterproof and dust-proof

In addition to the stylish and smart look of a crystal black color, C152 is made by COB (Chip On Board) packaging technology which offers waterproof and dust-proof protection. It also avoids data corruption or data loss which caused by external forces during the operation. It provides an all-around protection to every moment of your precious momery.

### Matte and gloss design

A simple and dazzle black is the main color for C152. To emphasize the color design between the cap and the body of the USB drive, Team Group uses carbon black and glossy black finish separately so that the light and shadow can create a visual effect that gives you a twist in your modern lifestyle.

### USB 3.0 High-Speed transmitting

C152 is fully compatible with USB 3.0 interface, up to 64GB storage capacity, and is able to satisfy the needs for High-Speed transmitting and storing of multimedia files and documents, allowing easier data sharing!

## Main Feature

- COB assembly process: waterproof, dustproof
- Supports hot-swap and plug-and-play
- Backward compatible USB 2.0/1.1 transmission interface.
- Support power saving mode
- Lightweight appearance making it easy to carry
- Strap hole design
- Ergonomic design, easy to pull

## Specification

Item	Specification
Model	C152
Interface	USB 3.0
Capacity	8GB /16GB /32GB / 64GB*
Color	BLACK
Weight	3g
Data transfer rate	Read: up to 85 MB/s ; Write: up to 20 MB/s** (32GB and above)
Voltage	DC +5V
Dimensions	19.5 x 17.2 x 9.7 mm
Operation System	Windows 8.1 / 8 / 7 / Vista, Mac OS X v.10.6.x+, Linux v.2.6.x+
LED Reveal	NO
Warranty	Lifetime warranty

\*1GB=1,000,000,000 Bytes. In OS system, it would be displayed as 1,000,000,000 Bytes/1024/1024/1024 = 0.93GB.

\*\*Transmission speed will vary according to different hardware / software conditions, therefore the data can only used for basic reference.
