

DDR4 GAMING VULCAN

T-Force | DDR4 Vulcan

# T-FORCE GAMING DDR4 VULCAN

Multi punch pressed and elegant dual colors design

The Team Group design team had built a heat spreader with an all new exterior design concept. Not only the dual colors design is eye catching, but the asymmetric cutting also displays VULCAN's unique style. Consumers can freely choose from the contrasting colors of black and red, or the calming colors of black and gray.

With complete coverage design and improve radiating performance **2%**

The design of DDR4 VULCAN's heat spreader is different than DDR3 VULCAN's.

The heat spreader area is extended to the top and the two sides to provide memory a complete coverage of protection and enhance the radiating performance, so the system is able to maintain a long time stable operation.

Ultra low working voltage Save energy up to **40%**

With low working voltage 1.2~1.4V from DDR4 VULCAN , it is not only energy saving but it can also reduce the temperature and the heat generated to offer the high speed running memory a stable and long time operation.

XMP2.0 **1** step overclocking technology

All VULCAN series support Intel® XMP 2.0. It is only one step away to experience the high speed sensation of overclocking.

**QVL** approved by motherboard manufacturers

Multiple compatibility verifications with mainstream DDR4 motherboards to make sure its stability with all motherboards on the QVL (Qualified Vendor List). Therefore, you wouldn't have to worry about compatibility issues when purchasing high speed memory.

## Main Feature

- Asymmetric cutting design heat spreader
- High Quality Aluminum forged heat spreader all-covered.
- Selected high quality IC chips
- 1.2V~1.4V ultra low working voltage
- Support intel XMP 2.0 smart overclocking technology
- QVL approved by mainstream motherboard manufactures in the market

# Specification

Item	Specifications			
Module Type	288 Pin Unbuffered DIMM Non ECC			
Capacity	4GB / 4GBx2 / 8GB / 8GBx2 / 16GB / 16GBx2			
Frequency	2400	2666	2800	3000
Data transfer bandwidth	19,200 MB/s (PC4 19200)	21,328 MB/s (PC4 21300)	22,400 MB/s (PC4 22400)	24,000 MB/s (PC4 24000)
CL-Value	CL14-16-16-31 CL15-17-17-35	CL15-17-17-35	CL16-18-18-38	CL16-18-18-38
Voltage	1.2V			1.35V
Heat Sink	Aluminum heat-sink			
Operation System	Desktop or notebook computer with DDR4 Memory Slots: Required OS: Windows 10 / 8.1 / 8 / 7 / Vista / XP			
Warranty	Lifetime Warranty
