Team USB Disk (T132)

Experience high capacity in a compact package with the high performance of USB 3.0

Team Group's brand new USB 3.0 COB flash drive, Team T132, comes with high-speed USB3.0 interface. With the large capacity of 64GB, combined with the high-performance control for excellent read/write speed, it takes full care of users' needs.

Stunning performance in a mini and lightweight package

COB is introduced in Team T132 for substantial decrease in size and weight of this USB3.0 flash drive. With the latest control chip, T132 can read and write at 85MB/s with ease. The device comes with water and dust-proof features which bring the most convenient storage experience to the users.

The delicate craftsmanship with hollowed-out architecture element

Integrating the design with architecture elements, the partially hollowed-out pattern cleverly combines the aesthetic applications of technology and fine materials. It serves not only for aesthetic purpose but also anti-slippery function. The bright sand-blasting finishing on the surface of device emits a luxury and undertone vision.

All about style, appearance and performance

The flash drive is made of eye-catching zinc alloy, and the trinket that comes with the package is also a perfect way to present your own style. Team Group's T132 is a flash drive which is all about self expression, delicate appearance and high performance.

Main Feature

- Supports hot-swap and plug-and-play
- Backward compatible USB 1.1
- New generation USB 3.0 interface
- High-quality matted metal finishing
- A flash drive which is all about style, refinement and performance
